

Retrieval of SNPs

Identification and
Prediction of effects
of deleterious SNPs

Prediction of protein
stability change

Estimation of
conservation profile

Prediction of solvent
Accessibility

Analysis of effect of
nsSNP

Prediction of
Protein-Protein
Interaction

Prediction and
Evaluation of 3D
structure

3D Modelling of
mutated protein

Identification of
cancer Association
with NS-SNP

Analysis of gene
expression

Analysis of co-
relation of gene
expression and
mutation
